Programming, Apps & Robotics Project Checklist

Elements of your project

☐ Written report including:

☐ · The aim of the entry, and its scientific purpose and potential applications

☐ · The type of robot or computer/device required to run the program

☐ · Clear instructions on loading or using the entry

☐ · A hard copy of the program and an explanation of what the sections of the program do

☐ · Acknowledgment of any external support provided to the entry

☐ · Acknowledgment of any AI tools used

☐ · A bibliography that acknowledges relevant sources of information.

Online submission (required)

☐ Electronic copy of your report / programming details (PDF, Word document or .jpeg) – including links to your program/app or videos/photos of your robot in action

☐ Cover sheet (given to you by your coordinator)

Project submitted online: between Friday 5 June – Sunday 28 June

Appointment (required)

☐ Book an appointment for judging online when they open from 5 June – 22 July

☐ At the appointment **you are required to bring your own entry with you for judging** – this includes your own device / laptop to demonstrate your project and you need to ensure you have internet access if needed – *WIFI access will not be provided for you*.

Judging day: Saturday 25 July

- If you have not submitted any documents for your project when required to do so, you will not be required to make an appointment for judging.
- **Note, if you are not able to make it to judging day, there is no other opportunity to have your project judged.** We recommend you enter the same project the following year.
