

Prize Winner

Programming, Apps & Robotics Year 5 - 6

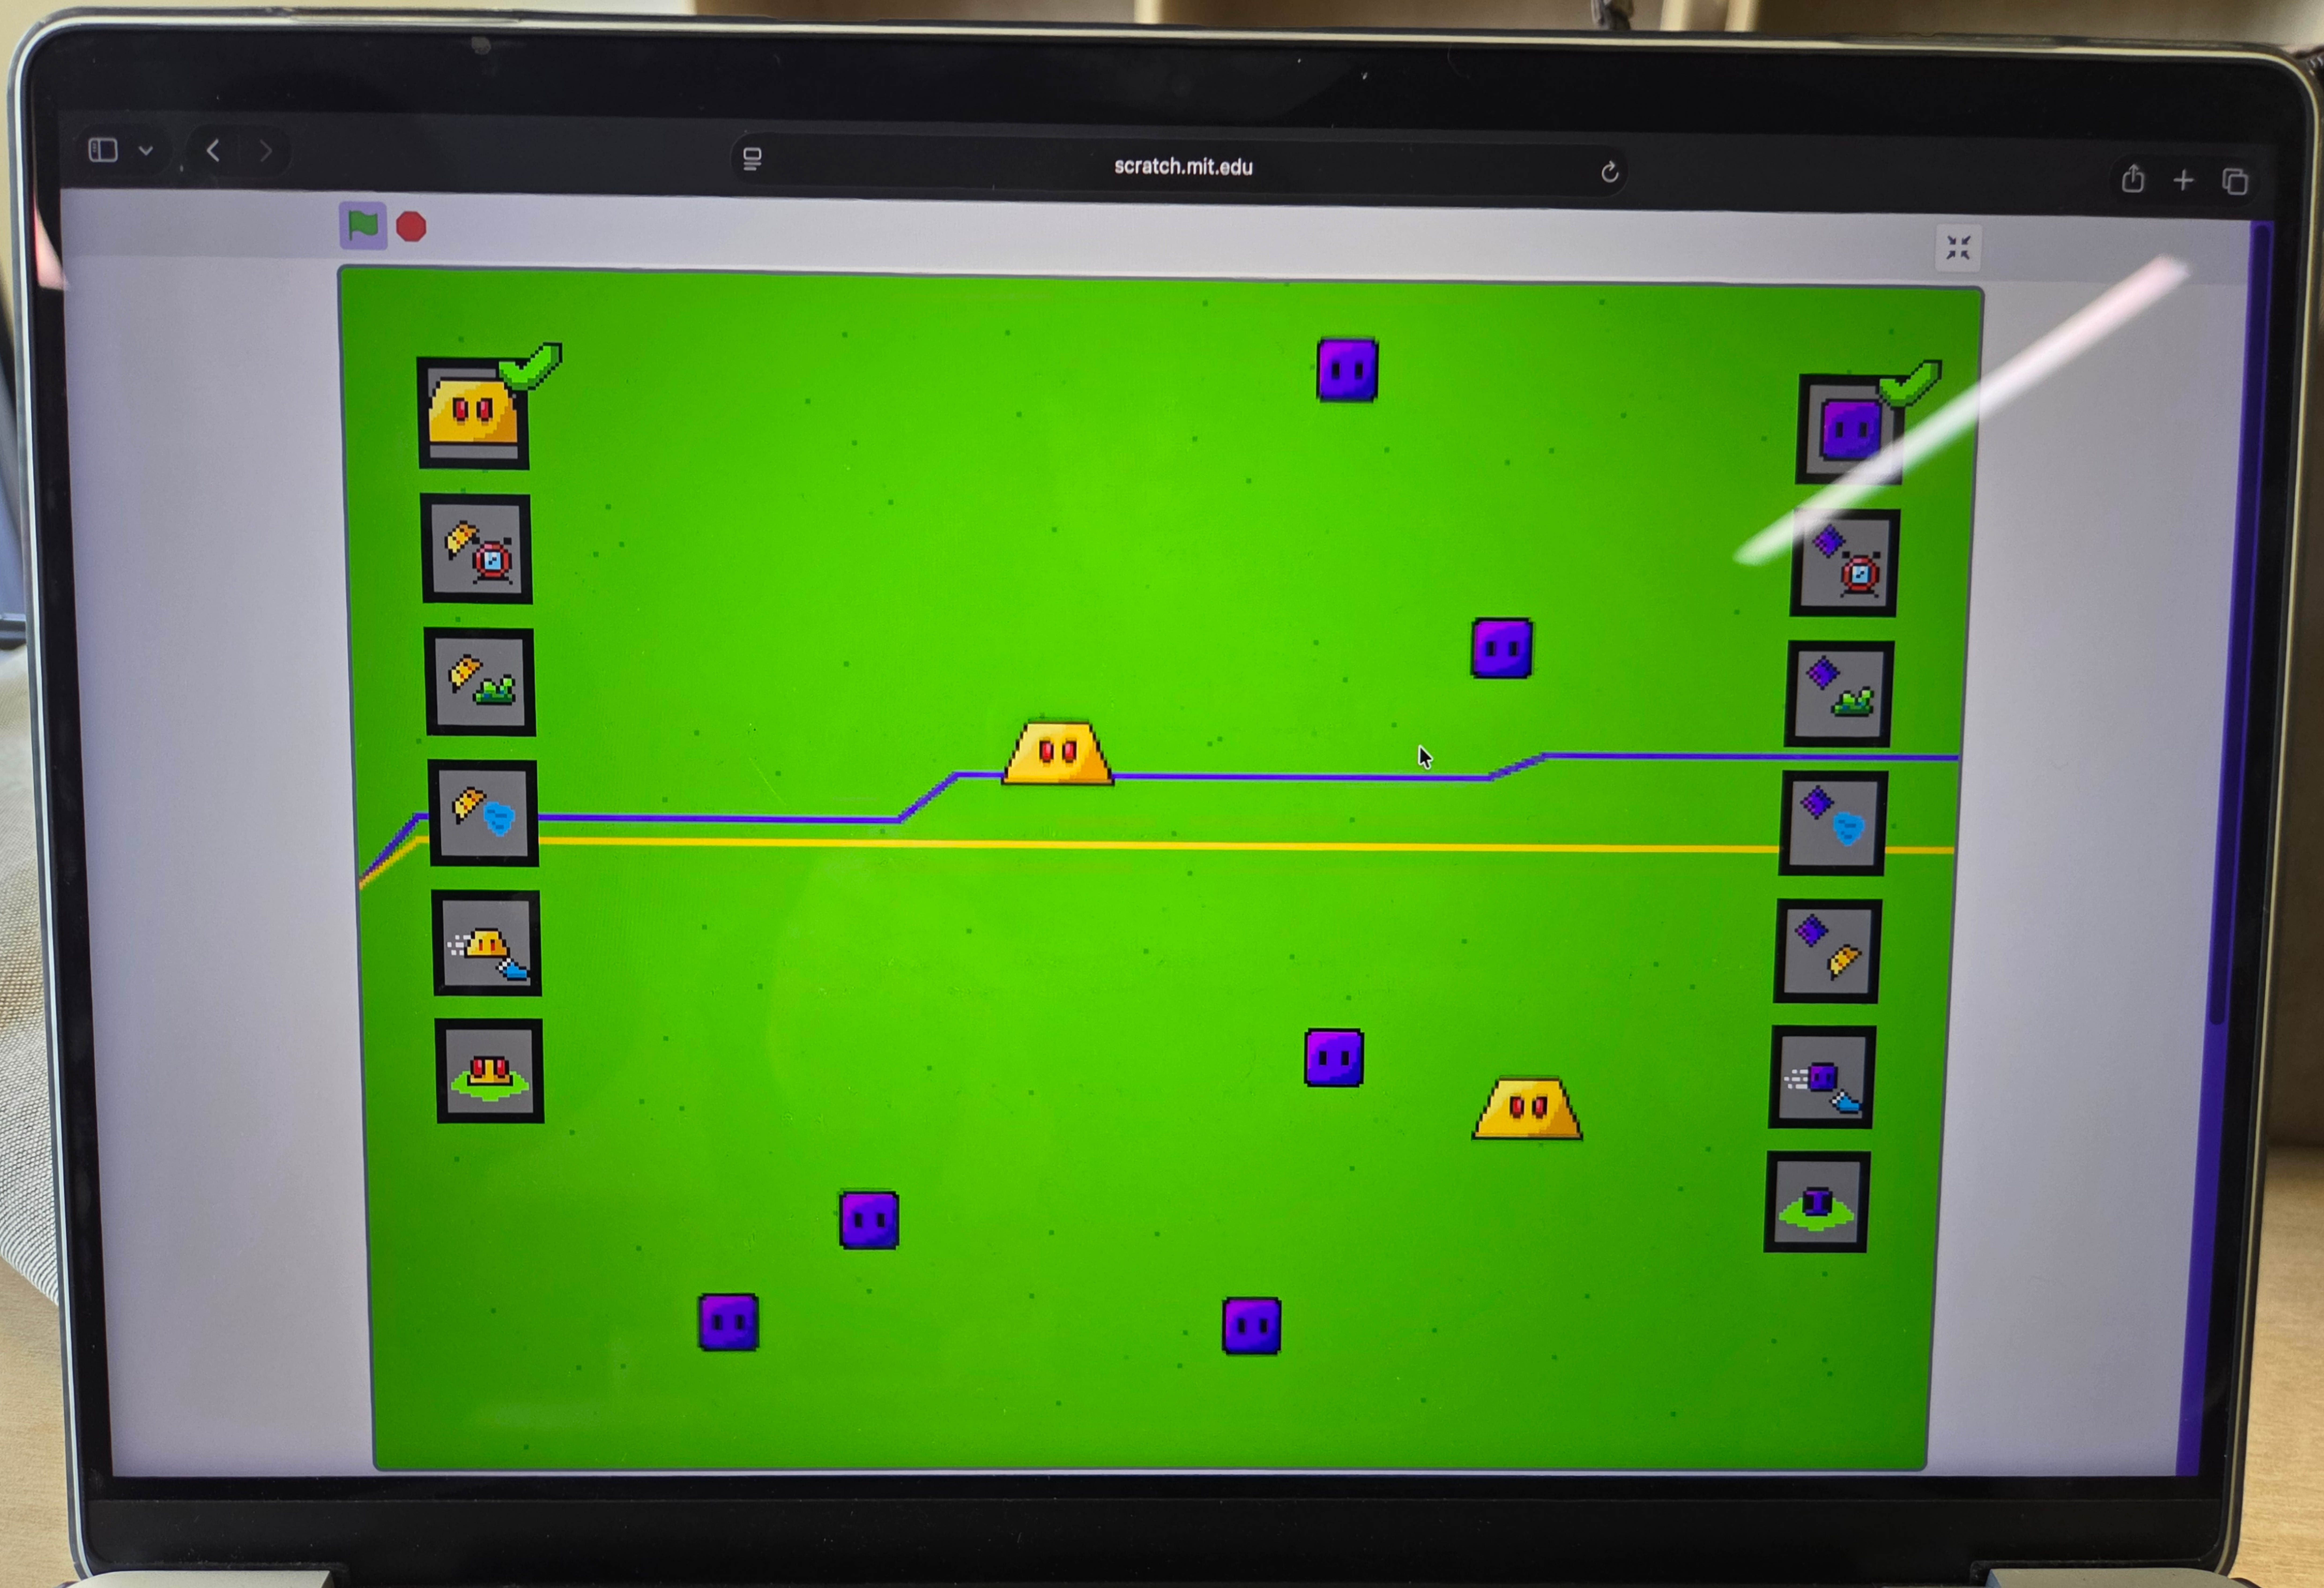

Jacob Harry

Harry Family Homeschool

scratch.mit.edu

This submission aims to demonstrate natural selection and some small environmental and keystone creature concepts. It can be used as an educational tool for natural selection or as a fun thing to do and experiment with.

Any computer can be used to run the simulation by clicking the link below:

<https://scratch.mit.edu/projects/1313593179/>

Further instructions are found within the program.

All code ideas and art are mine.
